Basic Info

Family owned and operated by Alan & Kim Hyde. Hyde Sawmill originated in 1951, Alan continued on with the family business and re-built it to accommodate the increasing demand of Timber and Beams. Today the sawmill receives orders from around the world. The mill is known for it's reputation for specialty cut beams and timbers.

Special Notes

The mill runs with a new re-saw and edger to put the finish touch on the beams and timbers. If you need the beams and timbers dry we can send them out. See our site at www.hydesawmill.com or call 1-250-836-0004 for more information.
