Basic Info

Products

Dutchmen Dairy products are all produced on location at the Dewitt farm in Sicamous. The product list includes a full line of fluid and solid milk products (including a high quality 14% sour cream), as well as artisan cheese and ice cream.

The artisan cheese and ice cream are each made by hand the old-fashioned way – with all ingredients added individually by hand – taking time, thought and care. The small batch production technique is purposefully chosen to allow for finer attention to detail and ingredients in each product.

In 2004, The Vancouver Sun reviewed D Dutchmen Dairy calling our ice cream, “B.C.’s Best Ice Cream.”

Good Old Fashion Glass Milk bottles

A favourite of locals and tourists alike is our old-fashioned milk bottles. Keep the empty as a souvenir and enjoy the purity of taste that only glass can assure.

Special Notes

'D' Dutchmens Dairy not only has the best ice cream, milk & cheese products, but while you're here, let the kids experience farm life and visit the animals at the small petting zoo.

Location

Located just off the Trans Canada Hwy. between Calgary and Vancouver in Sicamous, BC.
